

IT'S FAST.
IT'S POWERFUL.
IT'S FREE.

Get the advantage of anywhere, anytime access to national real estate information. Whether your real estate transaction consists of one site or multiple sites in multiple states, you know that speed and accuracy are critical to closing transactions successfully. That's why **STRDATA** puts the latest national real estate information at your fingertips. With **STRDATA**, you gain quick and easy access to the information from your office, your client's office, home—anywhere.

SEARCH MULTIPLE TOPICS & STATES—SIMULTANEOUSLY

Do you need to know document execution requirements for Texas, Florida and Nevada? Or transfer tax rates and recording fees for New York? With **STRDATA**, it's easy. Just select one or more search topics. Then select one or more states—that's it.

PRINT, EMAIL & SAVE SEARCHES

Search results can be saved to your **STRDATA** portfolio. Information saved to your portfolio automatically updates whenever the **STRDATA** database is updated. You can also add notes to your portfolio items.

ACCESS PREMIUM CONTENT

STRDATA provides access to an extensive database of recording fees and requirements for every county in the U.S. In addition, you gain access to Uniform Commercial Code filing fees and requirements for all filing offices in the U.S.

STAY UPDATED, STAY ACCURATE

Upon login, **STRDATA** alerts you to current/upcoming changes to fees, laws and other matters that could have an impact on your transaction. You will also be notified of any updates that have been made to the **STRDATA** database since your last login. You can refine Alerts and Updates to only display the information for the states you have selected.

GET STARTED WITH STRDATA TODAY

and get the advantage of anywhere, anytime access to the information you need.
